2009 Evidence of Coverage (EOC) Errata Sheet

The information provided below is a correction to Section 10 and to the Benefit Chart of your 2009 Evidence of Coverage (EOC). Please keep this document with your 2009 Evidence of Coverage (EOC). The following benefit coverage should be changed as specified below:

2009 Evidence of Coverage Section 10 (page 84)

Current 2009:

What is the maximum amount you will pay for certain covered medical services?

There is a limit to how much you have to pay out-of-pocket for certain covered health care services each year. Once the total costs that you have paid for your health care services from plan providers (including your co-payments and coinsurance) reach \$1,000, you won't have to continue paying for these expenses for the remainder of the year. If you see non-plan providers for covered services, your out-of-pocket maximum is \$3,000. The combined in and out-of-network out-of-pocket maximum is \$3,000. Covered services that apply to the out-of-pocket maximum are marked in the Benefits Chart by a “◆” and a footnote. Part D Drugs are excluded from the maximum out-of-pocket amount.
