

Important Benefit Information

Effective January 1, 2010, the Centers of Medicare and Medicaid Services (CMS) began covering HIV screening to enrollees with high risk profiles. All of our Medicare Advantage HMO/PPO/HMO-POS plans will cover both standard and U.S. Food and Drug Administration (FDA)-approved (HIV) rapid screening tests for members who request an HIV test. For 2010, copayments are the same amount that you pay for routine lab tests. For 2011, HIV tests will be provided at no cost to you.
